Our Timeline

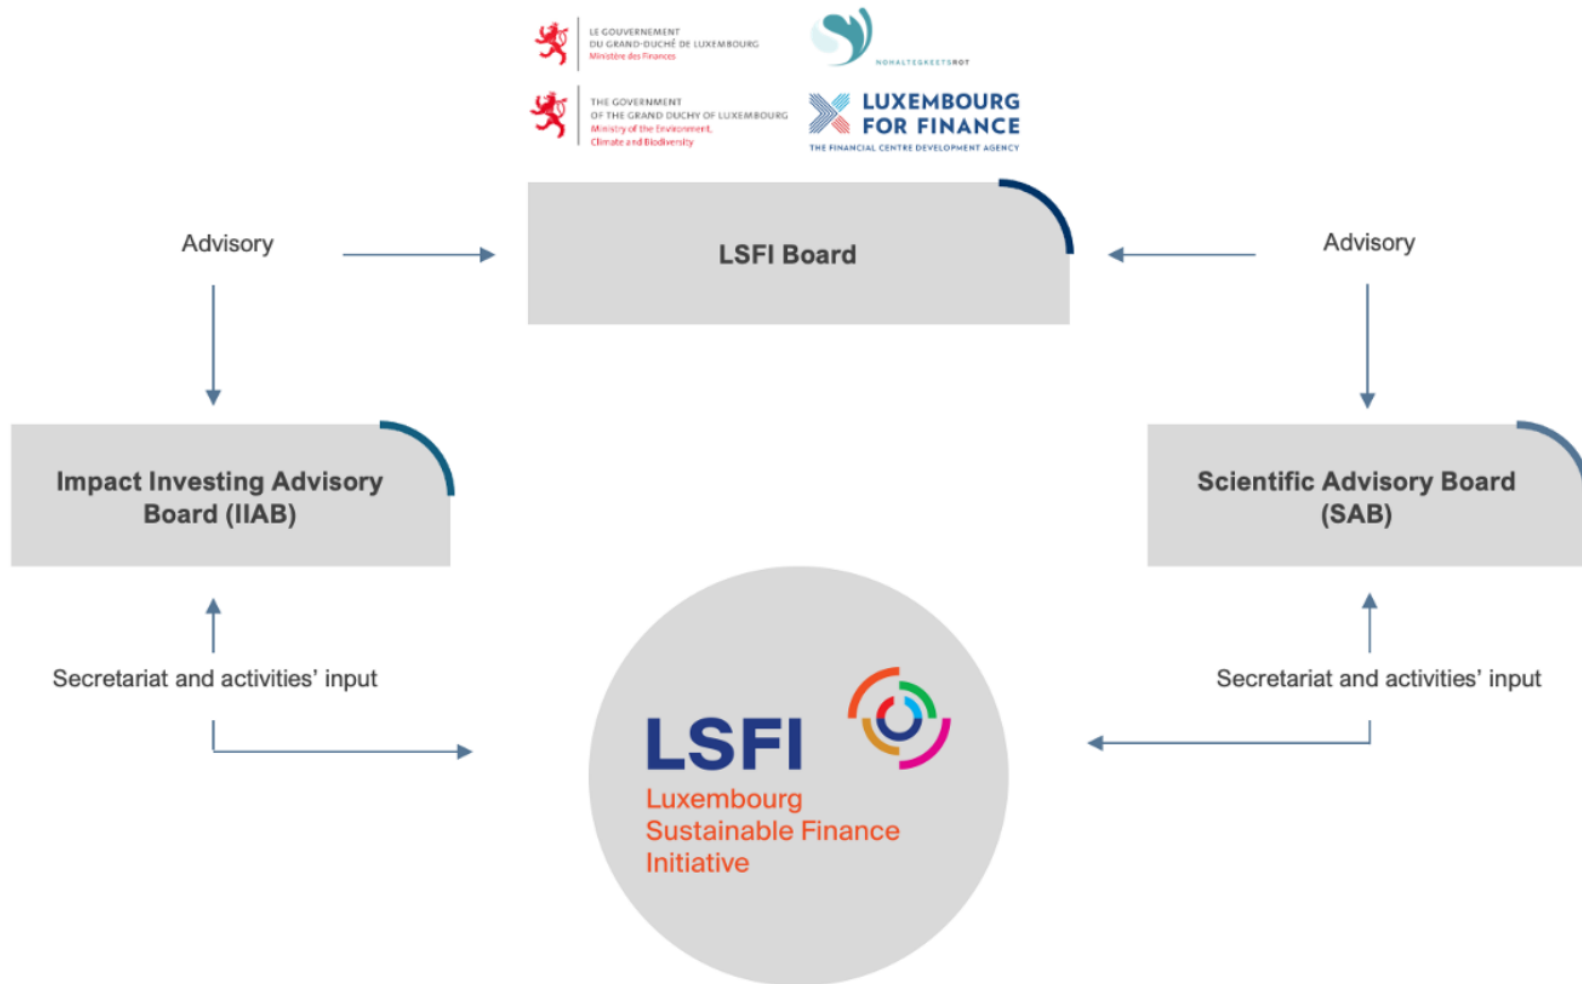

Our Mission

The LSFI is Luxembourg's **coordinating entity** on sustainable finance, **driving change** across the whole ecosystem as a **Centre of Excellence** and **Knowledge Hub**, supporting the financial sector to **accelerate financing** of the transition, and **measuring progress**.

Our Governance

LSFI Broader Network

Eurosif is a European association promoting sustainable and responsible investment across Europe.

The **FC4S** network is a global platform for financial centers, committed to accelerating sustainable finance.

The **GCBC** is a platform that brings together climate finance organisations to strengthen capacity building and streamline access to resources.

The **GSG Impact** is network that works to catalyse impact investment and entrepreneurship to address global challenges.

The IIAB Mission

Guide the LSFI in formulating and executing a roadmap to further boost impact investing in Luxembourg

- Bring together experts and committed professionals in impact investing to strengthen the LSFI's efforts and support Luxembourg's leadership position in this space.
- Act as a platform for thematic knowledge sharing.
- Bolster the development of the impact investing ecosystem.
- Help remove barriers associated with a lack of information and data sharing on market activities, performance, and practices.

In 2024, the LSFI, under the guidance of the IIAB, has been appointed **Luxembourg's National Partner** of the Global Steering Group for Impact Investment (GSG Impact).

- GSG Impact unites National and Strategic Partners worldwide, **fostering collaboration to develop innovative financial solutions and policies** to address pressing global challenges.
- As Luxembourg's NP, the LSFI and the IIAB will **work closely with leaders from business, finance, government, and the nonprofit sector** to build a robust impact ecosystem in Luxembourg and beyond.

Operations – Camco

IIAB: Workstreams

- **Narrative & Definition** → Define impact investing in Luxembourg, aligning with European and global perspectives to attract more impact capital.
- **Market Mapping** → Map the Luxembourg impact investment ecosystem, identifying key stakeholders to foster engagement and financial instrument development.
- **Representation & Visibility** → Enhance IIAB's global presence through key events, communications, and networking to promote Luxembourg as an impact investing hub.
- **Market Sizing & Data** → Assess Luxembourg's impact investing market size, to identify barriers and attract more capital.
- **Regulation & Tools** → Engage regulators and financial market participants to shape clear, practical frameworks supporting impact investing in Luxembourg.
- **Education & Advocacy** → Develop training resources and advocacy initiatives to educate stakeholders and promote best practices in impact investing.

Impact Investing Definition

Impact Investing Definition in the Luxembourg context

Impact Investing **involves:**

- **Investments made with an intention** to contribute to solving social and/or environmental problems alongside a financial return
- **Measuring and managing** positive and negative impact
- Leveraging **financial markets infrastructure**
- **Financing companies or projects** that aim to provide solutions to address social or environmental challenges

The IIAB Call for Action

«Invite and engage with the Luxembourg financial sector with the aim of inspiring, guiding, influencing and mobilising it for Impact Investing that contributes to the wellbeing of people and the planet.»
